

AUTHENTIC LANZAROTE PARTNERS

POWERED BY CO CO LINGUA

LEARN SPANISH. LIVE LANZAROTE.

Authentic language tourism through culture, nature and local partnerships

OUR FOUNDING PARTNERS

Six dimensions of one extraordinary island

Each Founding Partner represents a different way to understand Lanzarote. Together they turn the island into a living classroom.

01
HERITAGE & SALT
Salinas de Janubio
A living landscape shaped by the Atlantic, salt and memory.

02
LAND & SUSTAINABILITY
Ecofinca Vegacosta
Organic farming, seasonal produce and the intelligence of the land.

03
VOLCANIC WINE & HISTORY
Bodegas Rubicón
La Geria, a historic house and wine born from volcanic soil.

04
VOLCANOES & PATHS
Senderismo Lanzarote
Walking, interpreting and understanding the volcanic landscape.

05
ATLANTIC OCEAN
Viva Blue Diving
The marine world that begins beyond Lanzarote's coastline.

06
LANZAROTE FROM THE AIR
Venturi
A new perspective on volcanoes, coastline and Atlantic light.

One island. Six ways to experience it.

DESIGNED FOR STUDENTS. READY FOR PARTNERS.

A distinctive product for international language travel

Authentic Lanzarote Partners gives agencies and education partners a clear reason to choose Lanzarote: a language programme connected to a destination with real cultural depth.

01 YEAR-ROUND
Lanzarote
A destination and school that can work beyond a short high season.

02 SMALL-SCALE
Personal
Learning and carefully selected local experiences.

03 BILDUNGSURLAUB
Structured
A strong fit for adult learners seeking recognised study leave.

04 CULTURAL VALUE
Distinctive
A programme that explains why Lanzarote is different.

05 FLEXIBLE
Modular
Partner experiences may be integrated or offered as optional activities.

06 INTERNATIONAL
Ready
A story designed for agencies, education partners and international markets.

Not another Spanish course in the sun - a language journey that belongs to Lanzarote.

LANZAROTE, THE DIFFERENT ISLAND

More than a destination

Lanzarote is a UNESCO Biosphere Reserve: a landscape where nature, architecture, agriculture and tourism have learned to coexist with remarkable coherence.

Its volcanic terrain, the legacy of César Manrique, La Geria, traditional villages and Atlantic culture create a destination with an identity that cannot be reproduced elsewhere.

That identity is the real competitive advantage of learning Spanish here.

"Lanzarote is the content. Spanish is the thread that connects it."

THE CO CO LINGUA EXPERIENCE

Spanish learning with an island around it

For fifteen years, Co Co Lingua has welcomed international students to Yaiza. Our approach is personal, small-scale and built around meaningful communication.

Authentic Lanzarote Partners extends that philosophy beyond the classroom. Students learn the language with us, then discover how it lives in real places and real conversations.

"Inside the classroom, you find the words. Outside, you discover what they mean."

- Small groups and personal attention.
- On-site and online learning for continuity before and after the trip.
- Strong experience with the German market and Bildungsurlaub.
- Spanish, German and English communication.

01 SALT · HERITAGE

Salinas de Janubio

At Janubio, salt is not simply a product. It is a landscape, a family tradition and a living cultural heritage shaped by the Atlantic.

Students discover how the salt pans have formed part of Lanzarote's identity for generations, while language gives them the vocabulary to understand what they see.

"To discover Lanzarote, you also have to discover the stories held within its landscape."

EXPERIENCE

Heritage, landscape & salt

- A real encounter with one of Lanzarote's most distinctive cultural landscapes.
- Language connected to observation, history and local knowledge.

02 LAND · SUSTAINABILITY

Ecofinca Vegacosta

Vegacosta brings students close to the soil, the seasons and the people who cultivate Lanzarote.

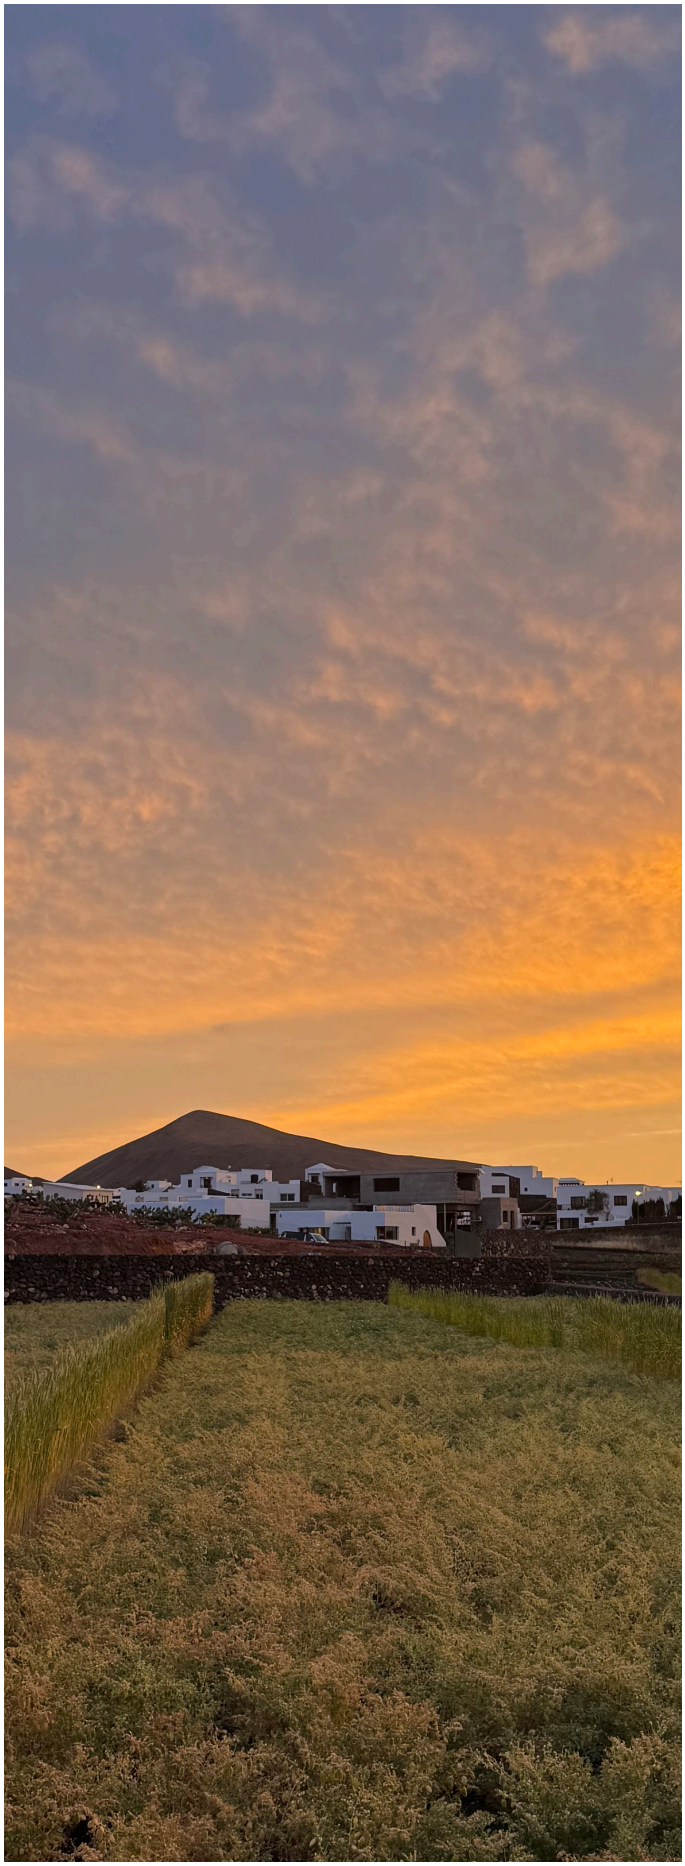

Organic farming becomes a human, sensory experience: touching, tasting, asking questions and understanding how local production adapts to an island environment.

"Our land speaks. You just have to come closer, taste it and learn to listen."

EXPERIENCE

Land, sustainability & local produce

- A 90-minute guided experience with seasonal local produce.
- Spanish used naturally around food, cultivation and everyday island life.

03 WINE · MEMORY

Bodegas Rubicón

In the heart of La Geria, Bodegas Rubicón brings together volcanic viticulture, traditional architecture and the history of a house deeply connected to the landscape.

Wine becomes a story students can see, smell, taste and discuss in Spanish.

"Every wine connects the history of this house with the volcanic landscape of La Geria."

EXPERIENCE

Volcanic wine, history & La Geria

- A cultural tasting experience rooted in the historic house and vineyard.
- A natural bridge between language, landscape, architecture and flavour.

04 FIRE · VOLCANIC LANDSCAPE

Senderismo Lanzarote

Walking through Lanzarote is a way of reading the island. Lava, rofe, craters and resilient vegetation reveal how the territory has been shaped by fire and time.

With an expert guide, the landscape becomes a conversation: what happened here, what grows here, and how people learned to live with it.

"Walking through Lanzarote is discovering a story of survival and resilience."

EXPERIENCE

Volcanoes, paths & interpretation

- Guided routes led by local expertise and adapted to the group.
- Spanish connected to movement, observation and the language of the landscape.

05 OCEAN · MARINE WORLD

Viva Blue Diving

Lanzarote does not end at the coastline. Beneath the Atlantic, volcanic formations and marine life reveal another side of the island.

Viva Blue Diving connects students with that world through safe, professional experiences and direct contact with the language of the sea.

"Beneath Lanzarote's waters, another fascinating world is waiting to be discovered."

EXPERIENCE

The Atlantic & underwater Lanzarote

- Special conditions for Co Co Lingua students on selected activities.
- A direct link between language travel and an unforgettable ocean experience.

06 AIR · PERSPECTIVE

Venturi

From the sky, Lanzarote becomes a single composition of volcanoes, coastline, villages and Atlantic light.

Venturi adds a final perspective to the network: seeing the island as a whole, and understanding how its landscapes connect.

"From above, the volcanoes seem to kiss the ocean."

EXPERIENCE

Lanzarote from the air

- Tandem paragliding experiences offered directly by the partner.
- A spectacular visual dimension that completes the story of the island.
