WHY LANZAROTE?

The island is not a backdrop to the course. It is part of the learning experience.

Lanzarote offers an unusual setting for language travel: volcanic landscapes, white villages, wine culture, Atlantic life, local traditions and a strong sense of place.

The island has been a UNESCO Biosphere Reserve since 1993. Co Co Lingua supports a model based on small groups, local experiences and deeper connection rather than mass tourism.

Our school is located in Yaiza, in the south of Lanzarote — a calm base from which students can learn, work, explore and experience the island.

VOLCANIC LANDSCAPE

A distinctive setting that turns place into learning content.

CULTURE

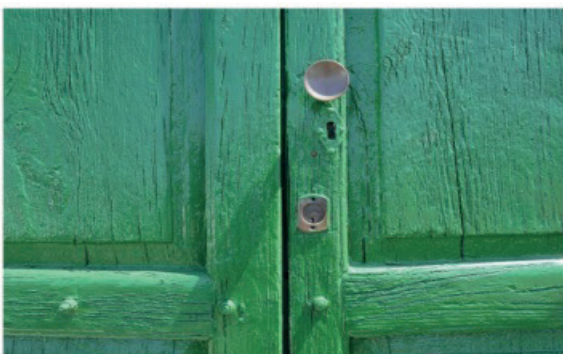

Villages, gastronomy, wine, art and everyday life.

OPEN-AIR LEARNING

Nature and cultural experiences extend Spanish beyond the classroom.

LOCAL CONNECTION

Small-scale encounters with people and businesses rooted in the island.

A LANGUAGE SCHOOL WITH A SENSE OF PLACE

Small-group Spanish learning in Yaiza — personal, practical and connected to Lanzarote.
